8 months

PERSONAL PROJECTS

Interactive Resume | HTML(5), CSS(3), Javascript

vincentcyee.com/interactiveresume.html

- Developed an interactive website illustrating content that would similarly be on a PDF resume
- Illustrated proficient usage of HTML(5), CSS(3), and Javascript

Personal Website | HTML(5), CSS(3), Javascript

vincentcyee.com/personal.html

- Programmed a website that provides a platform to showcase my personal works and interests
- Illustrated proficient usage of HTML(5), CSS(3), and Javascript

Digital Calculator | Javascript

vincentcyee.com/projectcalculator.html

- Applied fundamental Javascript techniques to develop a simplistic and functional calculator
- Created to consider all algebraic rules and possibilities for calculations

Daily To-Do List | Javascript

vincentcyee.com/projecttodolist.html

- Utilized Javascript knowledge to design a functional to-do list
- Established to provide a platform solely for the purpose of organization and management of tasks

WORK EXPERIENCE

Banquet Wait Staff | Edmonton Convention Centre, Edmonton, AB

Sept 2018 - Present

- Worked in teams of 4-6 to help set up for various events ranging from graduations to corporate meetings in order to cater up to 1000 people
- Served up to 100 customers during breakfast, lunch, and dinner services with absolute accuracy and attention to detail. Complimented in multiple instances for my achievement of customer satisfaction
- Satisfied customer demands while working as a cashier by efficiently and effectively processing 100+ transactions per day. Ensured to develop strong relationships to achieve returning and satisfied customers
- Increased the efficiency of service and production by 15% by clarifying the daily objective goals and coordinating roles based on the strengths of each team member
- Maintained inventory of assorted stocks, supplies, and establishment materials and ensured the organization of these products for future usage

WORK EXPERIENCE (CONTINUED)

General Laborer | Total Transload Services, Sturgeon County, AB

May 2019 - Aug 2019

- Packaged and delivered up to 150 pallets of product a day and ensured daily production goals were completed to the highest level of standards
- Increased efficiency by 20% by strategically breaking down sites and coordinating roles based on the strengths of other crew members. Consequently, resulting in fewer labor hours and an increased number of pallets completed per shift
- Lead scrum and safety meetings before leaving to sites and clarified scopes of work to all crew members
- Repaired damaged on-site machinery such as large diameter hoses or industrial hoppers to ensure maximum productivity and a safe working environment
- Earned a 5% raise after one month based on performance and leadership

COMMUNITY INVOLVEMENT

- ECE 370 Student Volunteer - University of Alberta, 2020
- Psychology Research Participant, University of Alberta, 2020
- Math and Science Tutor - Dr. Donald Massey School, McLeod School, Delwood School, 2016-2018
